

BC FIRST NATIONS CLIMATE CHANGE STRATEGY AND ACTION PLAN (BCFNCCSAP)*

PHASE OVERVIEW

Endorsement & Public Distribution

- The FNLC will prepare a **final draft** of the BCFNCCSAP with the support of BC First Nations and the Advisory Group.
- The BCFNCCSAP will be presented to Chiefs in their respective Assemblies for **approval via resolutions** in February and March of 2021.
- **Press release** statement will be distributed along with the approved BCFNCCSAP for **presentation to partners**.
- The FNLC Project Team will identify next steps to establish a basis for BCFNCCSAP **implementation**.

BCFNCCSAP Draft #2

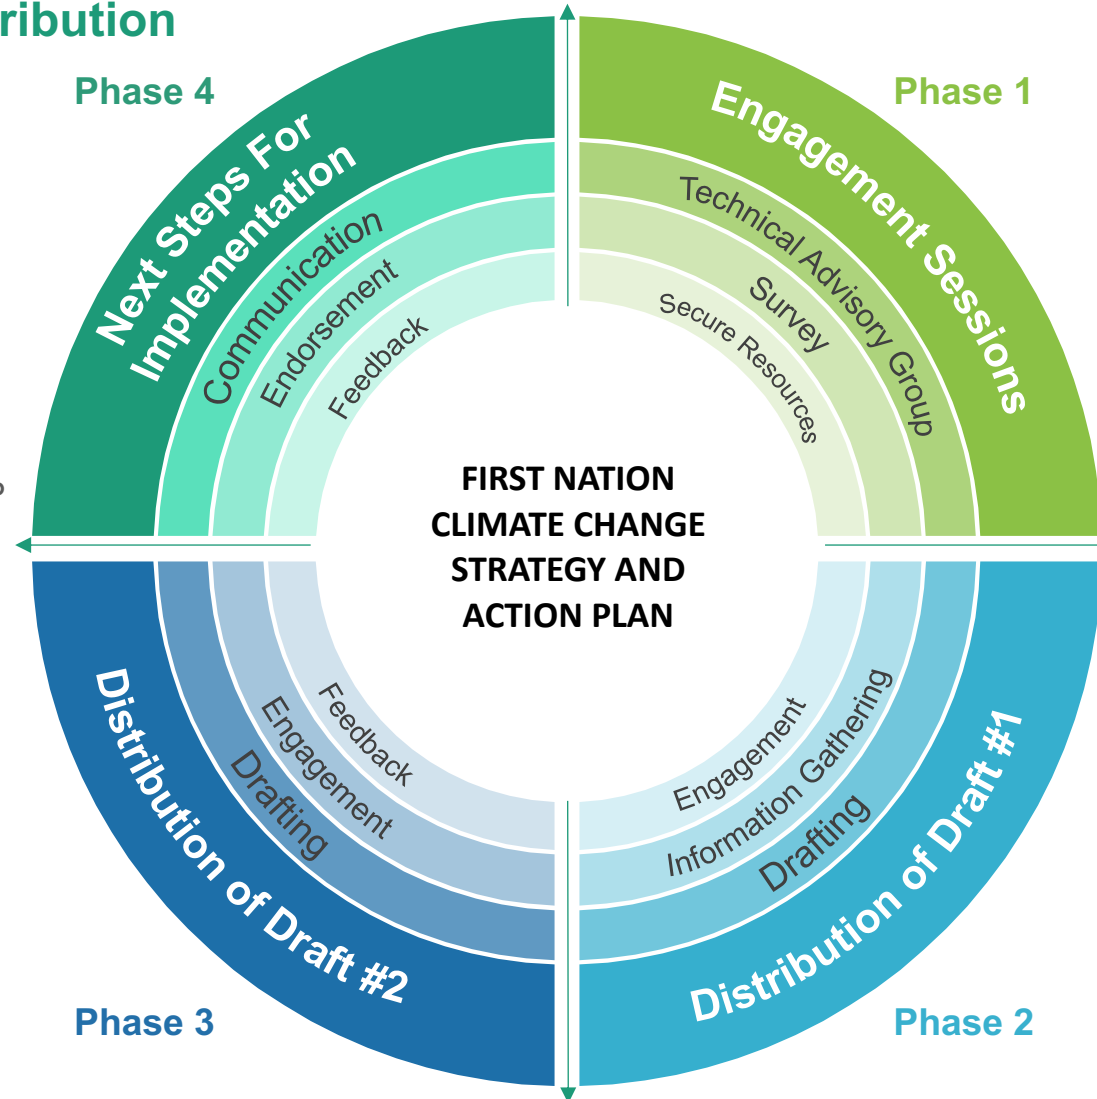

- BC First Nation and Advisory Group **feedback** re Draft #1 will be incorporated to produce Draft #2.
- There will be **ongoing engagement** throughout the scope of the project.
- Draft #2 will be reviewed by the FNLC Project Team and **distributed** to BC First Nations and the Advisory Group for feedback.

Preliminary Development

- The **Climate Emergency Survey** will seek and gather First Nation perspectives on climate change. This information will inform the first draft of the BCFNCCSAP.
- A **First Nation Climate Action Technical Advisory Group** (“Advisory Group”) will be established. A call for membership will be distributed.
- The FNLC will conduct 3 **community engagement sessions** which will proceed throughout February 2021.

BCFNCCSAP Draft #1

- There will be **ongoing engagement** throughout the scope of the project with First Nation leadership, academics, organizations, and relevant partners.
- Draft #1 will be made with the **information gathered** from Survey data, engagement, and research and policy review conducted by the Project Team.
- Draft #1 will be **distributed** to BC First Nations and the Advisory Group for feedback.
