

BC First Nations Climate Strategy and Action Plan

BC First Nations Technical Advisory Group

Biographies

Heidi Martin

I am a member of the Tsleil-Waututh Nation. My father is James George, and my grandfather was Alfred James (Jimmy) George. I have many years of experience working with First Nations in public administration as well as considerable experience in property management. In the Fall of 2015, I completed a Bachelor of Arts degree in Geography with a concentration in Environmental Science from UFV.

I am passionate about issues related to First Nations including related issues of land rights, environmental protection, economics, and politics. In March 2016 I was hired by Aquilini Development to work as a Development

Coordinator with the Aquilini Indigenous Developments division, specifically to work on the property development projects that Aquilini has partnered with Musqueam, Squamish, and Tsleil-Waututh (MST) Nations on.

In my spare time I am busy with my husband and our two teenage boys who are usually active in various sports. We like to do a lot of travel, camping and hiking together. I also really enjoy music, reading, and am a proud sci-fi geek.
